

Etching Wines and Spirits
is now an authorized WINE shipper for
the State of Pennsylvania

We are now authorized to legally ship decorated wine into the state.

License # DWS-133 LID 63522

Example of an actual order:

1. Customer requests 150 bottles of Cabernet, 1 color etch. Distributor price is \$34.00 on a C + setup.
2. Inform us of the order, so we confirm all pricing prior to placing it with the state.
2. Send us the art, so we can create a virtual for you, which you will give to the state with your order.
3. Order the product from the state store of your choice, this is where we will ship the order.
4. Expect to pay a deposit, probably with a credit card.
5. The state will contact us to place the actual order.
6. We will produce the order, keeping the distributor in the loop and ship to the designated store.
7. Distributor will pick up order, pay the state the balance due and deliver order to client.

**We must ship to a store, we cannot ship to the client location.*
